PRESS RELEASE

22nd June 2010

ALTITUDE LONDON INVITES MAYHILL JUNIOR SCHOOL TO SAVOUR THE VIEW FROM ALTITUDE 360

The team from Altitude London were delighted to welcome the children of Mayhill Junior School to the 29th floor of the Millbank Tower to experience the renowned views and iconic landmarks of London from Altitude 360.

For many of the children it was their first trip to London. Nick Parker, Deputy Headmaster said "This is a sensational experience for these kids, especially because they are from a rural area. It's a great opportunity for them to see London from an amazing perspective – it's definitely a day they'll never forget!"

The prime position of Altitude 360 offers the best way for getting to know London as well as offering a truly breathtaking spectacle.

To secure this exclusive one-off opportunity the children and parents of Mayhill Junior School made a generous donation to the British Red Cross.

Notes to Editor:

Altitude London represents three stunning venues on the banks of the River Thames in Westminster and is the largest riverside venue with a view in London. From the ground floor to the 29th, each venue offers its own original style, all bonded by the five star service and creativity associated with the Altitude London brand.

Altitude 360 gives you a blank canvas space with panoramic, bird's eye views of London from the top of the Millbank Tower.

The ultramodern **River Room** on the second floor is a unique multimedia entertainment space with widescreen views of the Thames.

The **Millbank Cinema and Media Centre** on the ground floor has a stunning 300 seat screening room.
